1- STANDARD: Explain why it would be unreasonable to be compelled to comply with the requirements or what burden (s) would be created of there was mandatory compliance with the requirements as provided in the ordinance.

Section 3- CRITERIA TO DECIDE A VARIANCE REQUEST

The ZBA used four accepted standards derived from the Michigan Zoning Enabling Act. They are stated in common language below and they ask you to explain the practical difficulty in complying with the Zoning Ordinance and your reason to justify the granting of a variance. You can attach pages if the space provided is insufficient. NOTES: Cost or aesthetics are rarely justification to obtain approval for a variance.

2- STANDARD: If the variance or a modified variance is granted, explain why it would not adversely affect your neighbors and/or the character of the neighborhood.

3- STANDARD: If applicable, explain any unusual circumstances that are relevant to the property and that do not exist on other similar Township properties; and how they prevent compliance with the requirements of the ordinance.

4- STANDARD: If applicable, explain whether or not some action or activity that was taken by the property owner or previous owners resulted in the creation of a situation that now re-quires a variance from the zoning ordinance.
