

**Whitefish Township
Tabulator Test
April 4th, 2026, 1:00pm**

3 citizens showed up for the tabulator test and there was a small hiccup at start the screen of tabulator was frozen. Called election source and reset machine tabulator worked and the test was complete. The machine passed the test and was ready for the May 5th Election. Tabulator was put back in its bag secured in locked closet and the chips were returned to the bag and sealed and put into a locked cabinet secured.
